

# Senior Service Practicum

## History and Prayer Needs

### History of SSP

The Senior Service Practicum has been a capstone of the Cary Christian School Curriculum since 2005. Our desire is to give students an opportunity to step outside of their comfort zone, experience other cultures, serve, and witness the body of Christ at work in our world. For over ten years, we partnered with the organization Churches in Missions in Costa Rica, serving alongside a missionary named Danny Rojas. In 2018 we partnered with the International Mission Board and began making plans to serve in San Diego. San Diego is one of the most diverse cities in the US. With only a 6% Christian population, it made for a great destination. We served alongside several church planters whose passions are to reach the city for Christ, and see San Diego come to love their Creator. We are excited to return to San Diego and see what the Lord has in store for the class of 2020.

### Prayer Needs

We ask that you partner with us in prayer as we embark on this great adventure.

- Travel details
- The pastors we are partnering with, their families, and their ministries in San Diego
  - Jeremy - Church plant support
  - Dale - Inner city
  - Jimmy - His church reaching surrounding schools
  - Cody - Foster Care
  - Brandon - Church planter/revitalizer
- The hearts of the Seniors and Chaperones - that the Lord would work mightily in the relationships with one another and with the Lord
- The hearts of the unbelievers we will encounter - that the Lord would prepare the soil and equip us to present his truth
- The building projects - Safety and productivity as we seek to serve our brothers and sisters
